

BFS GCSE Results 21

We are celebrating the hard work of our Year 11 students today as they receive their GCSE and BTEC results. Our students have shown outstanding levels of resilience, dedication and positivity in such a challenging year and we are proud of every single one of them.

A record number of Year 11 students have made the grades to access Sixth Form and BFS Sixth Form will be expecting its largest intake in September. Other students will go onto access exciting college courses in a wide range of fields.

'Today has been such a positive and joyful day after months of uncertainty. Seeing our young people happy and excited about their future is just what we wanted to see after this challenging year. We are so proud of our Year 11 who have been amazing and deserve these very high results. We wish them every success in their next steps and we hope they stay in touch' Mrs King - Headteacher
